

Cultural Craft

Watch Us!
We're Making Something Great.

Crafts have always been a part of the culture that makes up Newfoundland and Labrador with many skills and patterns passed down from generation to generation.

You are invited to view the many quality products that support the storyline and history portrayed in our region, as well as participate in craft demonstrations and workshops scheduled at our sites all season long!

Cultural Craft is a partnership committed to providing signature craft products, events and experiences. Look for our signature flag at these partner sites located throughout the Bonavista Peninsula:

- John C. Crosbie Sealers Interpretation Centre & Home from the Sea Foundation Inc. in Elliston
- The Factory – Sir William Ford Coaker Heritage Foundation in Port Union
- Green Family Forge, Lester Garland House & Cooperage – Trinity Historical Society in Trinity
- Trinity Crafts – Bonaventure English Harbour Development Association in Trinity
- Random Passage Site – Cape Random Trust Inc. in New Bonaventure

Experience our culture and take a piece of it home!
